

LEARNING
the
LANGUAGE *of*
GENOMES

DAY 1 – Monday 15th November 2027

08:45-09:50 Registration and refreshments, *Francis Crick Institute, London.*

Session 1: Diversity of genomes

09:50-10:00 Welcome

10:00-10:25 Invited speaker

10:25-10:50 **Glennis Logsdon**, University of Pennsylvania

10:50-11:05 ESR1

11:05-11:30 Refreshment break

11:30-11:45 ESR2

11:45-12:15 Invited speaker

12:15-13:05 Medal/keynote

13:05-14:30 Lunch

Session 2: Encoding genomic information

14:30-15:45 Panel discussion "What is a Genome?"

*Speakers: **Sarah Teichmann** FMedSci FRS – University of Cambridge, **Jason Chin** – Ellison Institute of Technology.*

15:45-17:30 Poster session and networking reception

DAY 2 – Tuesday 16th November 2027

Session 3: Genomes and machine intelligence

08:30-09:00 Refreshments

09:00-09:30 **Ziga Avsec, Clare Bycroft** – DeepMind

09:30-10:00 **Brian Hie**, Arc Institute

10:00-10:30 Invited speaker

10:30-11:00 Refreshment break

11:00-11:30 Invited speaker

11:30-12:00 Invited speaker

12:00-12:30 Invited speaker

12:30-14:00 Lunch/AGM

Session 4: Evolution as a lens on genomes

14:00-14:30 **Simon Myers** – University of Oxford

14:30-15:00 **Charlotte Wright** – Wellcome Sanger Institute

15:00-15:30 **Magnus Nordbord** – Gregor Mendel Institute

15:30-16:00 Refreshment break

16:00-17:00	Medal/Keynote
17:00-17:15	Closing remarks
17:30	Event end

DAY 3 – Wednesday 17th November 2027

10:00-12:00	Committee meeting – committee members and invited attendees only
